

Product Code: DTD-TSGPD-01
TSG Accreditation Number: TSG-NC-05-2017

TSG Approved USB Positive Disconnect

Key Features

- Powered by the USB connection or by an optional external 5 volt power supply
- Redundant color LED indicators that signify when it is Safe (green), Live (red), and when Timer expiration is about to occur (blinking of red/blue)
- Analog to USB protocol converter automatically works with no software code needed
- Can be used with a standard stereo headset (3.5mm audio jacks)
- Compatible with any standard wired Cisco or Polycom headset

Additional Features

- Supports USB headsets and web cameras
- Integrated time out feature
- Discreet Logic — Cannot be programmed or reprogrammed
- Includes two hard wired 2 foot USB cables for PC connections

The USB device provides positive disconnect for headsets, soft phones, and web cameras (i.e., Jabber, Skype, and Scopia).
