

TSG-approved Work from Home Cases

CIS Secure offers secure telework solutions makes the transition to a remote workforce uncomplicated.

The TSG-approved series offers versatile and easy to deploy options with simple plug-and-play functionality.

Choose from several pre-packaged solutions in a case or select individual components for a custom kit. Secure communication and video capabilities at your fingertips for work anywhere.

Key Features

- Enables teleworkers and individuals on the move with secure communication capabilities
- Engineered specifically to provide protection and flexibility, the case is a sleek and lightweight mobile carrying solution
- Choose from a variety of cased configurations or select the individual components. All options include USB Positive Disconnect, web camera, and headset.
- Two cased options include the Attila Security's GoSilent Cube, hardware VPN, provides organizations the ability to secure the data that moves between their corporate networks and others that need access.

All TEMPEST solutions and services available from CIS Secure are CTP II certified by CIS Labs, Inc., a wholly owned Subsidiary of CIS Secure. CIS Labs is a member of the NSA Certified TEMPEST Manufacturer and Test facility program.
